GEZETS 4000

Link arm door closer for single-leaf doors with a leaf width up to 1400mm

The overhead door closer is suitable for both left and right hand single action door. The closing force to EN 1154 size 1-6 is infinitely variable from the front and is easy to monitor thanks to the optical size indicator. The back check and thermo-constant closing speed are also adjustable from the front. The latching speed is adjusted by means of the link arm. The closer features a safety valve for both the open and close directions.

GEZETS 3000 V

Guide rail door closer for 1-leaf doors up to 1100mm leaf width

The overhead door closer TS 3000 V is suitable for both left and right hand single action door. The closing force, size 1-4 acc. to EN 1154, can be adjusted at the side, the hydraulic latching action and thermally stabilised closing speed can be adjusted from the front.

GEZETS 5000

Guide rail door closer for 1-leaf doors up to 1400mm leaf width

The overhead door closer TS5000 stands for clear lines and numerous system variants. The closing force, size 2-6 acc. to EN 1153, the terminally stabilised closing speed, the hydraulic latching action and the back check can all easily be regulated from the front in the installed state. The set closing force can be easily checked due to the visual size indicator.

GEZE Boxer

Integrated door closer for single-leaf doors with a leaf width of up to 1400mm

GEZE Boxer integrated door closer is incorporated discreetly into the door leaf and frame. The guide rail and lever are only visible when the door is open. Once the door closer is installed, the closing force and speed, latching action and hydraulic back check can be conveniently adjusted from the top. It is suitable for both left and right hand single action door.
Door Closers

**GEZE TS 4000**

Link arm door closer for single-leaf doors with a leaf width up to 1400mm

The overhead door closer is suitable for both left and right hand single action door. The closing force to DIN EN 1154, size 2-4, is infinitely variable and is adjustable at the side. The closing speed and latching action can be conveniently adjusted from the front.

**GEZE TS 1500**
