## MI-TK168

Hidden Folding Support for Shoes Cabinet  
(Soft Closing)

### Features:

1. The device was fixed into the side board of the shoes cabinet, the ladder style cabinet and the book cabinet. By doing this, it can realize a right angle between saddling plate and support plate, forming a hidden folding stool. It is of convenience and space saving.
2. There are slow rise and slow decline functions. It is of humanization design.

Material: steel  
Surface: black / silver

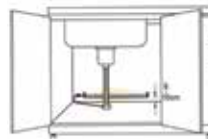

## MI-A370 Dehumidifier Rod

**Important**
